

Tapping into Outrageous Creativity

*The Art of Having
What Matters Most to You*

Workshop

Saturday, September 15
10AM – 1PM
at Wise Awakenings
314 E. Holly Street

Are you...

- At a turning point in your life?
- Struggling with relationships at home or work?
- Feeling limited by age, lack of health, energy or money?
- Feeling stuck and don't know how to move forward?
- Frustrated in your efforts to fulfill your life's purpose?

If any of the above sound like you and you have been asking the Universe for help, then this program is what you are looking for. First, you need to know: It's not your fault, there's nothing wrong with you and you can do something about it.

But...

You must be willing to...

- Stretch your beliefs about what's possible
- Think outside the box
- Make stuff up
- Suspend your judgements about why you can't have what you want
- Take inspired action (even if it seems irrational)

Using ancient spiritual principles for creating, EFT or Meridian Tapping, wit, intuitive wisdom, and the support of your personal guides and angels, you'll experience innovative and empowering ways to bring forth your unseen desires, dreams and goals into your life.
